For wedding not using our priest	200 euros

The donations for Marriage Blessings for 2024 include paying for the time and experience of the clergy and wedding administrator, in the preparation for the service and assistance given to couples. In this fashion they mirror the level of fees set in the UK by the Registrar for Births, Deaths and Marriages for a church wedding service.

### Note

The donation for the use of a Roman Catholic Church is usually between €300 and €500. This is over and above our fee.
